Grace Baptist Church/Heritage Hall Christian School
6401 W. River Road . Muncie, IN 47304 . 765-288-9569

The Creation Evidence Expo was founded in 2006 by Pastor Fredrick Boyd, Jr. of Indianapolis. The Expo has permitted scientists and theologians to present evidence revealing scientific and biblical truths of creation which counter the false aspects of the theory of evolution.

The purpose of the Creation Evidence Expo is to present this scientific evidence in an informative and educational platform. Christian Evidence Expo believes that no one should assume the theory of evolution to be fact, but for every individual to weigh the evidence for themselves. This expo gives opportunity to everyone to hear first hand the truths that confirm God is our creator.
