Be Our Friends!

Back At it Again!

We started off the school year with a blast at Camp Crosley, situated right off the edge of Little Tippecanoe lake. Don't just take my imperfect word for it though, take these students'.

As you can tell school camp provides many opportunities for fun, fellowship, and faith. Between the games, chapel services, and food- the students grew closer to each other with friendships that will last this school year and beyond. School camp embodies what we want our school to be, except without academics. A place where all types of people come to grow mentally, physically, and primarily spiritually. One of many favorite camp activities is the campfire when we have a testimony time for students to tell how God is working in their lives and has worked over the summer. Sometimes during the school year we get so caught up in grades and sports and we fail to talk about how God is working with us and for us. This makes camp great, not to mention the fun activities like the memorable talent show.

Camp is the perfect start to the first semester of school and a cherished event on HHCS calendar. If only camp were longer and school days shorter.

Any Thoughts?

"My favorite part of camp was free time and hanging out with my friends."

"My favorite part of camp was that we went to camp."

"My favorite part of camp was the preaching he really showed us how to choose our friends wisely"
